

Breaking News

A new line of printers offered by Epson have impressed us considerably that Kopykake now use these in our own facility. These are the new Eco Tank Series inkjet printers by Epson and include the ET-2550, ET-2500, and many more “ET-###” models. These printers are readily available in the USA and also appear to be available in many other countries.

The Eco Tank line of printers does not use troublesome ink tanks with microchips. Instead, these printers have ink reservoirs that are easily filled and refilled or topped off with Kopykake’s Edible Ink Refill bottles. Each color’s reservoir holds approximately 2.5oz of ink and can print thousands of pages before needing to be refilled (print quantities will vary depending on nature of images printed, print quality selected, size, etc.).

This means simply pouring Kopykake’s Edible Refill Ink into the printer’s reservoirs, and you’re ready to print! Top off the ink reservoirs as needed from time to time and you’ll be printing hassle free!

- No more mess replacing ink tanks!
- No more mess refilling ink tanks!
- No more problems with your printer not recognizing ink tank microchips!

Kopykake sells the Edible Refill Inks in 2 or 4 ounce bottles and sells them as individual colors, or in sets of all required colors. For those with multiple printers to support, we also sell these edible refill inks in quart or gallon sizes!

Please visit our online store for prices and additional information:

For those looking for a one stop shopping experience, Kopykake sells the Kwikscan VIII system which is based on the Epson ET-2550 and includes:

- 1 Epson ET-2550 All-In-One Printer/Copier/Scanner (wi-fi compatible)
- 1 Set of 4 ounce bottles of Edible Refill Ink (cyan, magenta, yellow, black)
- 2 Packages of our 8.5x11 Edible Frosting Sheets (24 sheets per package)
- 1 Promotional Banner

If you are still using a printer that requires ink cartridges, please see the following pages to be sure and order the correct tanks for your printer model.

KOPYKAKE

PLEASE READ THIS PAGE CAREFULLY BEFORE SELECTING EDIBLE INK TANKS AND PRINTERS.

BASICALLY WE OFFER EDIBLE INK TANKS FOR MANY CANON, EPSON AND NOW BROTHER PRINTERS. AND **YOU WILL ALSO FIND THAT MANY MODELS OF THESE PRINTERS HAVE NOW BEEN DISCONTINUED BY THE MANUFACTURER, BUT WE STILL SELL SOME OLDER TANK SETS THAT ARE SHOWN ON THESE PAGES, BECAUSE MANY CUSTOMERS STILL USE OLDER MODELS.**

WE HAVE EDIBLE INK TANKS FOR **MANY** BUT NOT **ALL** PRINTERS, SO IF YOUR PRINTER IS NOT LISTED, THEN WE JUST DO NOT HAVE THOSE TANKS.

NOTE: SOME OF OUR OVERSEAS DEALERS CARRY TANKS FOR OTHER MODELS. IF YOU LET US KNOW THE ORIGINAL TANK NUMBERS FOR YOUR CANON OR EPSON PRINTER, WE MAY BE ABLE TO HELP.....

WE OFTEN GET REQUESTS FOR EDIBLE INK TANKS FOR OTHER PRINTER MODELS AND BRANDS, SUCH AS H.P., LEXMARK, ETC., SO READ ON.....

WE DO OFFER EDIBLE INK REFILL KITS, WHICH CAN BE USED TO REFILL THE ORIGINAL TANKS FOR THESE MODELS, AS WELL AS ALL OTHER PRINTER MODELS THAT YOU DO NOT SEE LISTED ON OUR **CROSS-REFERENCE** LISTINGS (**LOOK FOR THE SHEET NUMBER, THAT IS CLOSEST FOR YOUR COUNTRY OR AREA**)

IF YOU CANNOT LOCATE A PRINTER IN YOUR LOCAL STORE, YOU CAN USUALLY PURCHASE PRINTERS DIRECTLY THROUGH THE PRINTER WEBSITES, SUCH AS... WWW.CANON.COM, WWW.EPSON.COM, WWW.BROTHER.COM IN THE COUNTRY OR AREA THAT YOU LIVE. (BUT REMEMBER TO CHECK OUR X-REF TO SEE IF WE HAVE THE TANKS)

ALL PRINTERS WORK WELL, AND PLEASE KNOW THAT THE “LEAST EXPENSIVE PRINTERS ARE ALL THAT IS NEEDED”, TO DO YOUR EDIBLE PRINTING.

WHEN RE-ORDERING INDIVIDUAL TANKS, PLEASE USE OUR TANK NUMBERS FOUND ON THE FIRST SET OF YOUR KOPYKAKE EDIBLE INK TANK SET THAT YOU HAVE PURCHASED OR SEE LAST PAGE OF THESE REFERENCE PAGES FOR THESE INDIVIDUAL TANK NUMBERS.

**** Always use the Rear Tray Feed when Printing on Kopykake's Frosting Sheets**

Some printers have a bottom tray paper feed. Please do not use this when printing Frosting Sheets. This puts the sheets through a tight turn which can cause the Frosting Sheets to slip off the backing!
